8:30 AM

Long Island Association

B of A Bldg, Lower Level
300 Broadhollow Road (Rt 110)
Melville, NY 11747

You've heard from the agencies about the resources for disaster recovery. Now let's talk about how to prepare in advance to deal with emergencies and disasters and minimize their impact. This seminar will have a detailed presentation on preparing your business for emergencies. Details will include how to do a risk assessment, how to make a communications plan, how to do an assessment of key partners and vendors, making sure you have strategies for working in another facility, protecting your data, practicing your plan, etc.
